<p>All products offer:</p> <ul style="list-style-type: none"> • SupplyPoint software • 24/7 availability • Reduced product consumption • Improved productivity • Lower inventory costs • Optimised inventory • Convenience and simplicity 	

Touchscreen Technology

High quality, reliable, 15 inch screen

Secure Locations

Up to 36 secure locations in a single frame for a total of 432 compartments

Easy Scoop Design

"Easy Scoop" design of compartments in a drawer ensure a smooth retrieval of contents. Made from strong ABS plastic and housed in a steel frame, Mini Modulo is a robust and reliable product.

Accountability

The unique SupplyPoint software provides a complete audit trail on who, when, where and why about the usage of any component within the system.

Combined with our powerful SupplyPoint Inventory Management Software the SupplyPoint MINI MODULO provides a versatile, high capacity solution to meet the unpredictable challenges of logistics and supply chain management.

CONFIGURABLE

Mini Modulo can be configured to provide different size drawers and compartments. Up to 10 Mini Modulo frames can be connected to provide additional capacity.

STAND ALONE

The Mini Modulo is available currently as a stand-alone only

DRAWER OPTIONS

Mini Modulo currently supports 5 different drawer sizes.

MANUAL OVERRIDE

The front access key lock override mechanism provides a backup access method should power be lost.

COMPATIBILITY

The Mini Modulo is completely compatible with all existing SupplyPoint machines running V4.0 software or higher.

COMPARTMENTS

Drawer compartments can also be reconfigured to accommodate changing inventory. This can be completed with minimal downtime.

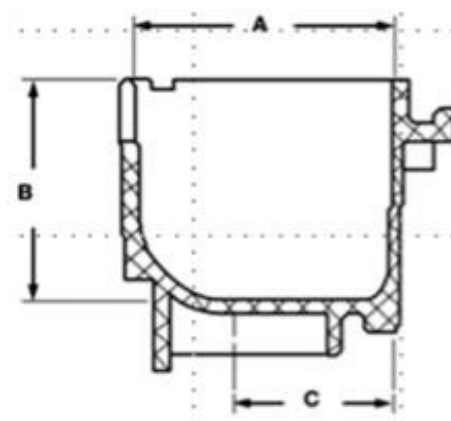

EFFICIENCY

Multiple drawers can be selected in one transaction minimising the time required to manage large volumes of stock.

Drawer Dimensions
